Introduction

Thank you for choosing EPISODE LX series , This finest Whirlpool Pedicure Spa has been develop and Manufactured by J&A USA Inc., to bring quality and exquisitely balanced design yet afford-ability and dependability when properly use. Please read this entire manual thoroughly before installation and use

PLEASE TAKE TIME TO READ THIS MANUAL THOROUGHLY BEFORE USE. If you have any questions or concerning with our pedicure spa, Please contact our customer service and technical support at 631-243-3336 ext 121, Monday through Friday 9AM − 5PM or email us at www.info@jausainc.com

Important requirements

The MFG requires that you contact your local, licensed plumber and licensed electrician to install your new spa. Installation MUST be in compliance with all local and state building codes. Your pedicure spa can not operate efficiently or safely unless it is provided with adequate electrical power, sufficient water pressure, proper water temperature, and required drainage capabilities. Contact your local building inspector for information and local code compliance procedure that need to be followed when having your new pedicure spa installed. Subsequent inspections and approvals that may be required are the responsibility of the purchaser.

Shipment Inspection

Examine the components immediately upon arrival to make sure no damages to the pedicure spa base and chair during the shipment. It is very important that you notify the driver directly and notation should be on the face of the freight bill or bill of lading of any damage. Failure to note damage on the bill of lading may prevent any claims you may have against the carrier.

If concealed or damage is found, you MUST notify the carrier at once and request an inspection. **DO NOT DISCARD THE SHIPPING CARTON** If receiver sign the carrier clean receipt of goods that have been damaged in transit .Do so at your own risk and expense.

Precaution

- Do not stand in the basin of the spa.
- Excessive water temperature is dangerous and should be checked before use. Maximum water Temperature should not exceed 100F (38C).
- Always enter and exit the spa slowly and carefully.
- Never bring or operate any electrical device near pedicure spa.
- The unit has a weight capacity of 250 pounds.

Health Warning

Individuals whose feet or legs are inflamed or have open wounds should not be allowed to use the pedicure spa at any time. The technician should advise clients to consult their physician before using the spa if there is any sign of fungal infection, swelling, fracture, or persistent pain. In some cases diabetics may experience improved circulation in their feet, but should first consult their physician prior to receiving a pedicure.

If the client experiences any pain or discomfort, discontinue the use of the pedicure spa immediately.

Basin

Important Considerations

Electrical Service

110V, 60Hz, 15Amp GFCI protected grounded circuit MUST be used to supply power each individual pedicure spa. And the main circuit breaker MUST be at 25Amp. For maximum of two units per each electrical outlet.

Water Supply

All plumbing connections must conform to local codes.
Water supply to the spa should be provided with adequate water pressure and water temperature.

Water pressure

To fill the basin correctly up to level, Normal water pressure of 30 to 80 P.S.I is required.

Water temperature

The hot water supply temperature must not exceed 140°. Adjust your hot water accordingly. For hot and cold water supply fittings and drain fittings location, see below diagram .Carefully connect the water supply line to the appropriate fittings located on the rear of the pedicure spa.

Pressure / Temperature

Maximum Pressure: 150 psi (10 bars)
Minimum Pressure: 10 psi (69kPa)
Working Temperature: 33F to 140F constant; intermittent to 180f
(0.6C to 60C sustained; intermittent to 82.2C)

Maximum Recommended Flow: 15gpm (571pm)

Backflow Preventive Device (Dual Check Valve)

All J&A pedicure spas are equipped with Back flow Preventive Device Dual Check Valve as standard.

Specification

Tested and certified to meet ANSI/ASSE standard 1024. CSA certified to standard No.B64.6

ANSI - American National Institute, ASME - American Society of Mechanical Engineers, CSA - Canadian Standard Association IAPMO - International Association of Plumbing and Mechanical Officials, UL - Underwriters Laboratory

** Vaccum Breaker

Due to Town and / or State requirement/s are varies in building code, if the Town and / or State requires Vaccum Breaker, As the Plumber MUST provide Vaccum Breaker according to building code requirement.

Drain Facilities

The pedicure spa Drain must meet local plumbing codes. **Check valve for Drain (not Provided) Must be installed by a licensed plumber.** Also Pedicure spa must be securely fasten to the floor.

Installation Summary

The installation must comply with local, state, and federal building, plumbing and electrical codes, where applicable. A licensed plumber should complete the plumbing of the pedicure spa.

Note: Failure to comply with federal, state, or local codes and ordinances will result in warranty being nullified and void.

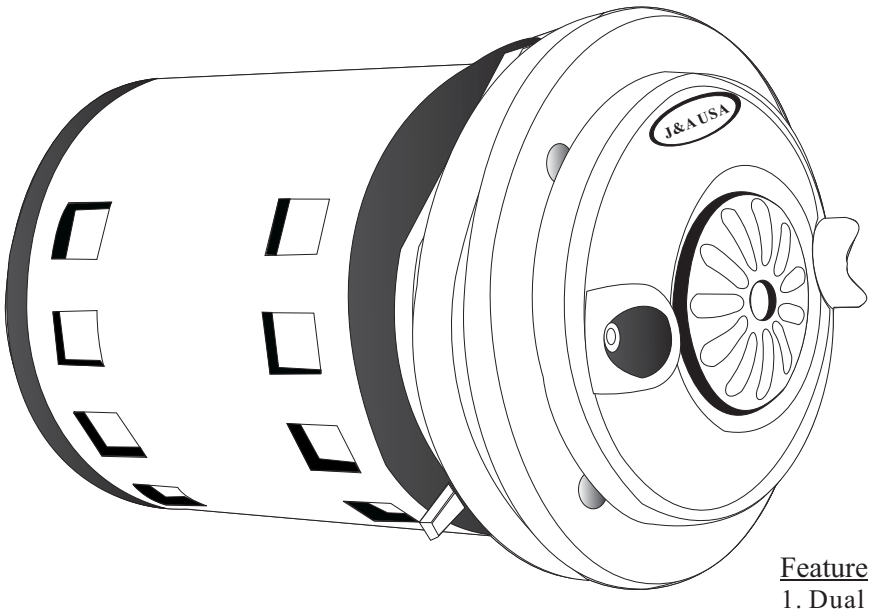
1. Read and follow all instructions before using the equipment.
2. Keep the cord out of heavy traffic area. To avoid fire hazard NEVER put the cord under the rugs, near heat generating devices.
3. Always turn off the equipment before servicing.
4. Do not drop or insert any object into any openings.
5. Do not operate any equipment with a damage parts.
6. Any other use not recommended by the manufacturer may electrical shock or injury to persons.
7. Never use outdoors
8. Do not attempt to repair or adjust any electrical or mechanical functions on the unit.



Feature

1. Dual powerful massage jet-streams
2. Jet assembly can be attached from the pump for quick cleaning and sanitizing.
3. Built-in electronic sensor for pump control.
4. AC motor (long life)
5. Extremely low power consumption .
6. Manufactured in USA.

Cleaning Instruction

1. Ensure the unit is off
2. Remove the front cover
3. Remove the impeller and impeller cover
4. Use anti-bacterial solution (EPA registered) to clean all plastic parts.
5. Reassemble the front cover

DURA-JET III Specifications

Model: DURA_JETIII -120Vac, 0.4 Amp. 60Hz,

Pump: Dual Air Jet Flow

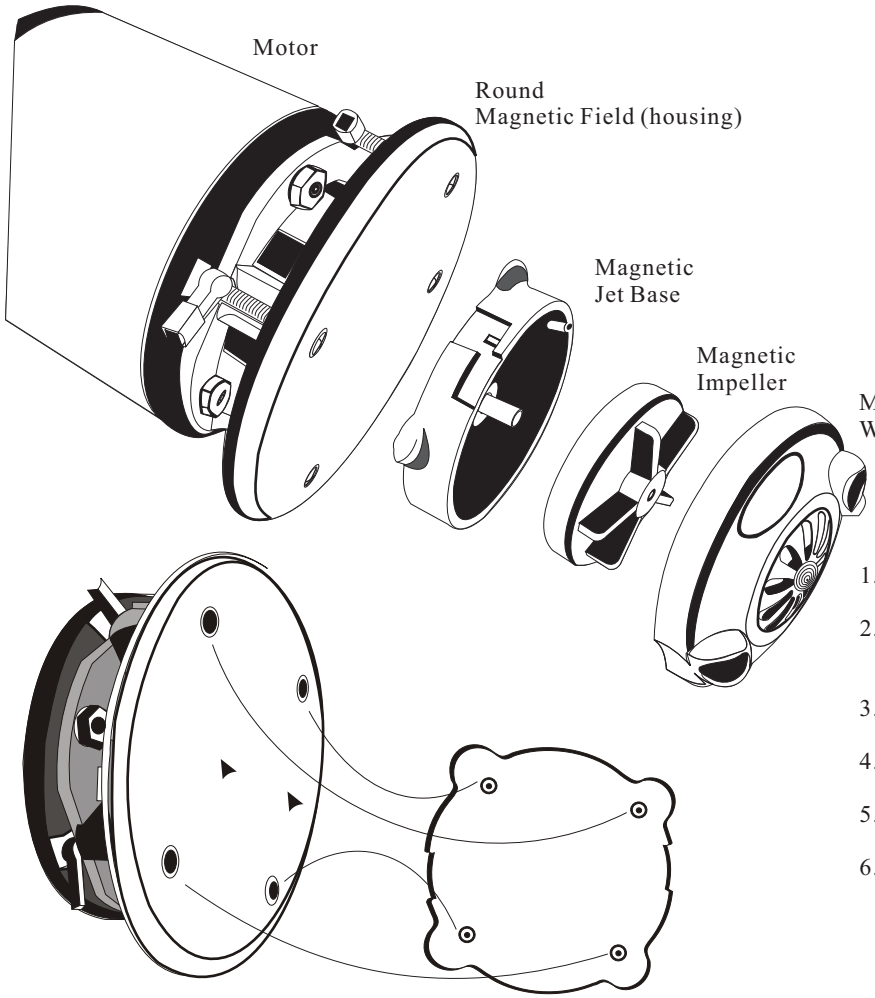
Mounting: Single 3.5” hole
Auto tighten Mounting screws(4)

MAGNA-JET (OPTIONAL)

Safety Instructions

When using electrical equipment, Basic safety precautions must be followed to reduce the risk of fire, electrical shock, and injury to Persons.

1. Read and follow all instructions before using the equipment.
2. Keep electrical cord out of heavy traffic area. To avoid fire hazard NEVER place electrical cord under the rug, near heat Generating devices.
3. Always turn power off the equipment before service.
4. Do not drop or insert any object into any openings.
5. Do not operate any equipment with damaged parts.
6. Any other use not recommended by the manufacturer may cause electrical shock or cause injury to person/s.
7. Never use it outdoors
8. Do not attempt to repair or adjust any electrical or mechanical.



MAGNA-JET Features

1. Hydro dual massage jet stream
2. Magnetic whirlpool jet cover can be remove for quick cleaning and sanitizing.
3. Built-In electronic sensor for pump control.
4. AC Whirlpool motor (long life)
5. Very low power consumption (27W)
6. Manufactured in USA.

Cleaning Instruction

1. Turn off the unit and wait until the motor is fully stops.
2. Hold Hydro whirlpool jet cover firmly and pull to separate from the round magnetic field.
3. Turn hydro whirlpool jet cover to left to open and pull out impeller.
4. Use Anti - Bacterial solution (EPA Registered) to clean all parts.
5. After sanitize all parts, place impeller and close hydro whirlpool jet cover to turn right to lock
6. Hold firmly the whirlpool cover jet and gently place it onto the round magnetic field. Do not release the hydro whirlpool jet cover until Jet cover is on the round magnetic housing.

MAGNA-JET Specifications

Model: MAGNA-JET - 120VAC, 60Hz, 1.0Amp, 27W

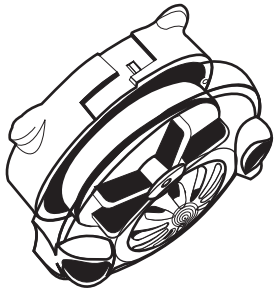
Pump: Hydro-Massage Dual jet Flow

Mounting: Single 3.5” hole Diameter
Auto tighten Mounting screws(4)

How to USE Magnetic jet !

WARNING: DO NOT RUN DRY, BASIN MUST FILLED WITH WATER TO LEVEL INDICATOR.

CAUTION: MAGNETIC JET COVER ASSEMBLY MUST ALIGN WITH DISCHARGE PORT POSITIONED AT 3/9 O'CLOCK.



WHEN READY TO USE, **MAKE** SURE JET COVER IS POSITIONED AT **3 /9 OCLOCK** FOR PROPER WHIRLPOOL ACTION IN THE BASIN. IF JET COVER IS **NOT** ALIGN AT 3/9 O'CLOCK, WATER WILL SPLASH OUTSIDE OF THE BASIN.

PROPER WAY TO USE MAGNETIC JET SYSTEM

1- FILL THE WATER TO WATER LEVEL INDICATOR.

2- HOLD MAGNETIC JET FIRMLY TO BRING CLOSER TO THE ROUND MAGNETIC FILED AND DO NOT RELEASE THE MAGNETIC JET PREMATURELY OR THIS WILL CAUSE IMPACTS ON THE JET COVER AND THE ROUND MAGNETIC FIELD(HOUSING) SHORTENING THE LIFE EXPECTANCY OF THE JET COVER. WHEN THE JET COVER NEARS THE ROUND MAGNETIC FIELD, PLACE JET COVER ONTO THE FOUR DIMMPLE AREA (SEE DIAGRAM). THE JET COVER MUST ALIGN WITH DISCHARGE PORTS POSITIONED AT 3/9 O'CLOCK.

3- WHEN FINISHED WITH CLIENT, DO NOT REMOVE MAGNETIC JET UNTIL MOTOR IS FULLY STOPPED.

4- WHEN MOTOR IS FULLY STOPPED, REMOVE MAGNETIC JET COVER FROM THE MOTOR AND REMOVE JET COVER AND IMPELLER FOR SANITIZATION.

DISINFECTING YOUR PEDICURE SPA

Note: Please be advised that it is responsibility of purchaser/user to adhere strictly to the following procedure. Any non-compliance will be considered negligence of the purchaser/user.

The Bureau of barbering and cosmetology requires that salons using whirlpool pedicure spas use the following disinfecting Procedures to ensure proper cleaning and maintenance of the equipment, and to prevent bacterial infection. For your clients safety, always use the regulations as a minimum standard for cleaning and disinfecting.

Chair maintenance

Please see chair manual for Do and Don't

At the end of the day:

1. Remove the intake suction screen, All debris trapped behind the screen of each pedicure spa must be removed. And the screen and the inlet shall be washed with soap or detergent and water

2. Before replacing the screen, Totally immersed the screen into an EPA- registered disinfectant with bactericidal, Fungicidal, and virucidal activity.

3. Finally, flush the whirlpool system with low-suding detergent and warm OR an EPA - registered cleanser for 10 minutes. Rinse with clean fresh water and drain.

Note:

Cleaning or sanitizing is NOT disinfecting. According to the CDC and EPA, disinfecting occours only when there is a reduction of pathogenic microbes at 99.999%. Sanitizing is a only reduction of 99.9%. Cleaning of whirlpool pedicure spa requires surfactant and chelating detergents that are low foaming and have ability to remove body oils, organic oil additives, mineral oil, skin cell, nail clippings, etc.. that can accumulate both in the basin and the jets which may become fertile area for micro organism to grow.

Note:

The use of oil based products can build up in the whirlpool system causing clogging in the jet and build up onto the surface of the basin. Adherence to the above cleaning will minimize build up thus the manufacturer recommend not to use mineral oil based product.

USER RECOMMENDATION

PLEASE READ THE MANUAL THROUGHLY BEFORE USE TO ENSURE CORRECT OPERATION.
THOSE UNDER A DOCTORS CARE OR WHO ARE EXPERIENCING ONE OR MORE OF THE FOLLOWING DONDITIONS SHOULD CONSULT THEIR DOCTOR BEFORE USE.

- You are receiving medical treatment or are feeling ill.
- Your body shows any cute symptoms.
- You have heart disease.
- You are pregnant or having a menstrual period.
- Your doctor has ordered you to rest.
- You have a back disorder resulting from an accident or disease.
- You have a high fever.
- You have sensory disorders.
- You have medical electrical device (e.g. pacemaker).
- You have service interruption in the circulation of the legs.
- You are diabetic.

FAILURE TO DO SO MAY RESULT IN ACCIDENTS AND HEALTH PROBLEMS.

J&A USA Inc. Limited Warranty

J&A USA Product: Lenox, Episode, Petra, Toepia, Cleo, Pacific
J&A Accessories: Tri-Stool, Euro Stool, Galaxy Stool and Cookie stool

The Original Purchase Receipt is required as a proof of purchase.
Duration of the Limited Warranty for J&A Accessories : 90 Days from date of Purchase
Duration of the Limited Warranty For Pedicure Spa: One year from date of Purchase
Coverage on Limited Warranty: Part/s & Labor

Extent of Limited Warranty

J&A USA warrants that the J&A Pedicure Spas that you have purchased are free from defects in material or workmanship under normal use during the Limited Warranty period. The Limited Warranty period starts on the date of purchase. Your will be required to provide proof of purchase as a condition of receiving warranty service.

During the Limited Warranty period, J&A will, at its sole discretion, repair or replace any defective component. All component parts removed under this Limited Warranty become property of J&A USA Inc.

In the unlikely event that J&A is unable to repair or provide equivalent parts for defective product covered under the Limited Warranty, J&A will, at its sole discretion, may elect to provide customer with a replacement unit of J&A's choosing that is the same or equivalent to customer's J&A Pedicure Spa in performance OR may give customer a refund of the purchased price in lieu of replacement. Let it be understood that J&A has no obligation to repair, replace or refund until the verification process by J&A USA is deemed complete. J&A USA Inc's Limited Warranty is valid in the USA where the covered J&A's Pedicure Spa is distributed by J&A and its distributors.

It is required that serial number be made available when requesting a limited warranty service. Failure to do so may result in "service request" to be categorized as that of "out of warranty" request which as a result, will incur charges to the requester.

Unless otherwise stated, and to the extent permitted by local law, J&A will, at its sole discretion, repair or replace any defective component with new or parts equivalent to new. Replacement parts are warranted to be free from defects in material or workmanship for ninety(90) days or for the reminder of the Limited Warranty period of the J&A's Pedicure Spa at issue, whichever is longer.

Warranty Exclusion

J&A USA is not responsible for damage that occurs as a result of customer's failure to follow the instructions intended for J&A Pedicure Spa. The Limited Warranty does not apply to consumable part/s as well as to parts considered "wear & tear" items such as , but not limited to, whirlpool components, showerhead, impeller, jet covers and does not extend to Product which has (1) been improperly or inadequately maintained or modified (2) been modified in any way or misused (3) been installed / set up on improperly prepared site. (4) been tampered with in any way such as (a) improper installation (b) usage of re-manufactured or refurbished plumbing component/s. (C) abused, (d) neglected, (e) Moved from its initial location of the installation, and (f) Subject to faulty maintenance, abuse, misuse, accident or other damages.

The Limited Warranty does not apply to local building code compliance. Since local building codes vary considerably, the customer must check with a local building or plumbing contractor to ensure the local code compliance is met before installation. The Limited Warranty applies only to the original purchaser of the J&A product.

Limitation of Warranty

TO THE EXTENT ALLOWED BY LOCAL LAW, NEITHER J&A NOR ITS THIRD PARTY SUPPLIER MAKES ANY OTHER WARRANTY OR CONDITION OF ANY KIND WHETHER EXPRESSED OR IMPLIED WITH RESPECT TO THE J&A PRODUCT AND SPECIFICALLY DISCLAIM THE IMPLIED WARRANTIES OR CONDITIONS OF MERCHANTABILITY, SATISFACTORY QUALITY, AND FITNESS FOR A PARTICULAR PURPOSE. Some state or provinces do not allow limitations on the duration of an implied warranty. In this case above limitation or exclusion may not apply to you. This warranty gives you a specific legal right that varies from State to State or province to province.

Limitation of liability

TO THE EXTENT ALLOWED BY LOCAL LAW, EXCEPT FOR THE OBLIGATIONS SPECIFICALLY SET FORTH IN THIS WARRANTY STATEMENT, IN NO EVENT WILL J&A OR ITS THIRD PARTY SUPPLIERS BE LIABLE FOR ANY DAMAGED CAUSED BY J&A'S PEDICURE SPA OR THE FAILURE OF J&A PEDICURE SPA INCLUDING ANY LOST PROFIT OR SAVINGS, BUSINESS INTERRUPTION, LOSS OF USE OR ANY OTHER COMMERCIAL OR ECONOMIC LOSS OF ANY KIND, OR SPECIAL, INCREMENTAL, OR CONSEQUENTIAL DAMAGES. THIS LIMITATION OF LIABILITY APPLIES WHETHER DAMAGES ARE SOUGHT, OR A CLAIM MADE, UNDER THIS LIMITED WARRANTY OR AS A TORT CLAIM, A CONTRACT CLAIM OR ANY OTHER CLAIM.
